

Festival and You

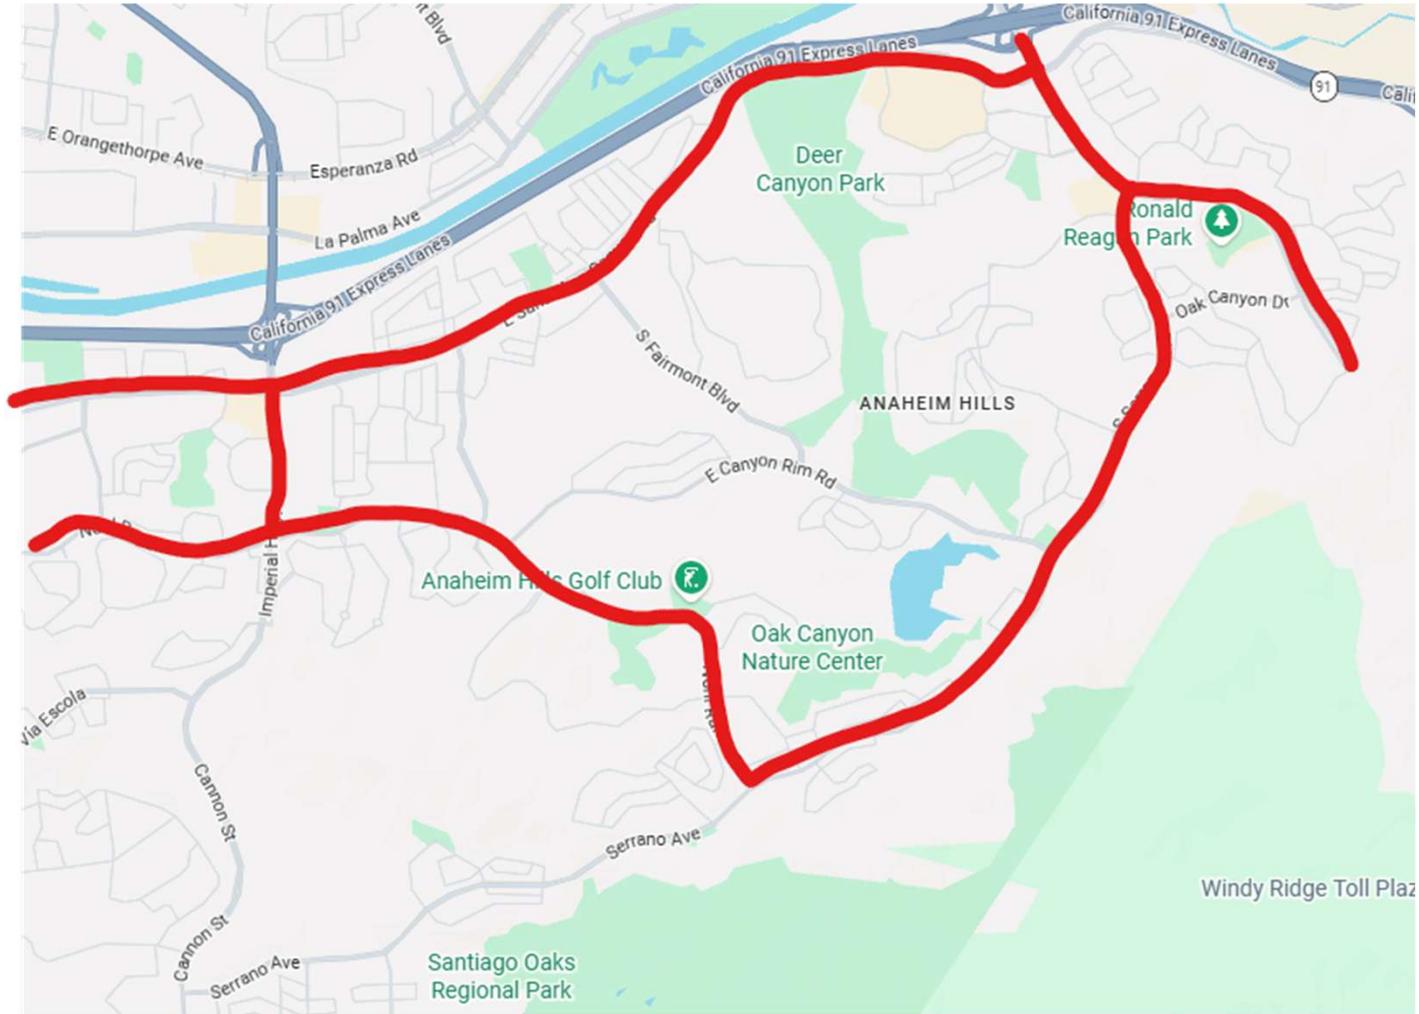

A Comprehensive guide to Community Participation

Volume 1

“It is foolish to be grudging about safety precautions for fear they might turn out to be unnecessary”. –Admiral Nimitz

Only 2 main arteries for everyone heading West: Nohl Ranch and Santa Ana Canyon

City of Orange closes Serrano at Nohl Ranch

What is the City's Position? (Interpreted)

- Whether Festival is zoned Commercial or Residential makes no difference in evacuation modeling
- Know Your Way Plan is the key
- Unreleased traffic study supports their modeling

Arguments against Festival

- Know Your Way Plan
 - Untested
 - Poorly communicated
 - Unrealistic to keep people from going home to save family.
 - No plan to evacuate Elderly, Disabled, or Children
 - Relies on people being rational during an emergency
 - Effectiveness hasn't been studied
 - Unclear evacuation timeline goals
- Residential zoning adds cars to the evacuation
- Allow Festival, get bonus projects with Deer Canyon + ???

- Attend City Council Meetings, but especially March meeting with Vote
 - Speak at General Comments section at beginning of meeting
 - Wear White
 - Create Neon Posters to wave
 - Respectfully Rowdy
